## **5000      Logistics**

This section will only provide information specific to the COTP Wilmington zone. Refer to Appendix [9750 Field Operation Guide](#) for FOG and [9700 ICS Forms Database](#) for ICS forms.

### **5100   Logistics Section Organization**

The Logistics Section is responsible for providing facilities, services and materials needed for the incident. The Incident Commander will determine the need to establish a Logistics Section on the incident. This is usually determined by the size of the incident, complexity of support, and how long the incident may last. Once the IC determines that there is a need to establish a separate Logistics function, an individual will be assigned as the Logistics Section Chief.

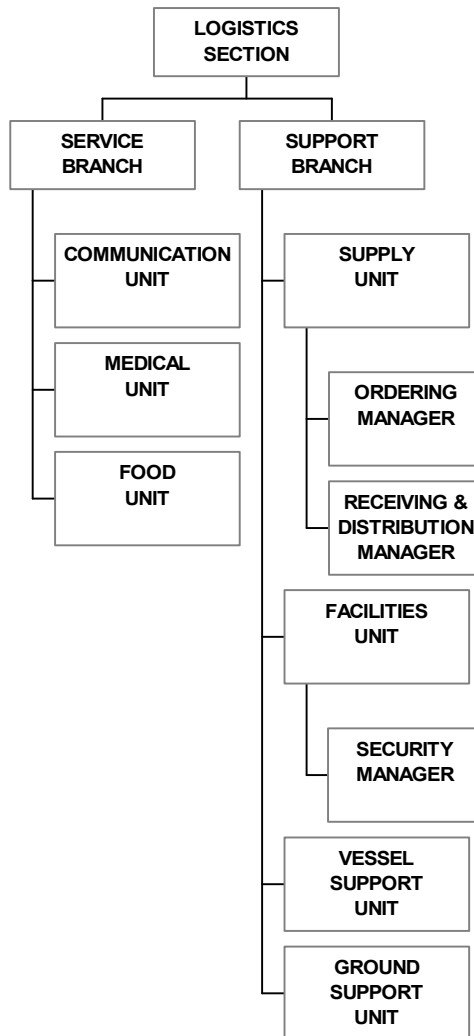

Six functional units can be established within the Logistics Section. Branches and Units in the Logistics Section are shown in Figure 5-1 - Logistics Section Organization.

#### **5110   Logistics Section Chief**

Responsible for providing facilities, services and material in support of the incident. Participates in the development and implementation of the IAP and activates and supervises branches and units within this Section. Refer to Appendices [9200 Personnel and Services Directory](#), [9330 Communication Plan](#) and [9700 Response Resources](#) for additional information. This position will likely be filled by:

- MSO Wilmington Storekeeper
- USCG Integrated Support Command Senior Chief
- Responsible Party designate
